Project with 4 luxurious villas in Cas Catalá

Bell Puig Villas is an exclusive new development nestled in the highly sought-after neighbourhood of Cas Català. Comprising just four luxury villas, this boutique community enjoys a privileged location only a five-minute walk from the beach, offering a peaceful and private setting while remaining within easy reach of Palma, Bendinat Golf Course, and Puerto Portals. The home features a private garden and swimming pool, spacious terraces, and beautiful sea views from both the upper floor and rooftop terrace. The underground garage provides two parking spaces and a large storage room for each residence, while an additional outdoor parking space is conveniently located at street level beside the entrance. Offering approximately 290 m² of living space, this villa has been thoughtfully designed to combine comfort and elegance. The upper floor comprises four bedrooms, three bathrooms, and built-in wardrobes, while the ground floor features an open-plan layout where the kitchen, dining area, and living room flow seamlessly onto the generous terrace, creating an ideal indoor-outdoor living experience. The contemporary Mediterranean-inspired architecture is enhanced by a natural stone facade, vertical greenery, and refined carpentry details, all contributing to the sophisticated character of this exceptional home. High-quality features include underfloor heating, air conditioning, and a fireplace, ensuring year-round comfort and style. There is also the possibility of adding a private gym or sauna. Construction is already at an advanced stage, and completion of this outstanding project in one of Mallorca’s most desirable locations is scheduled for summer 2026.
